SUPPORT YOUR COURT REPORTING SERVICE

STOP USER PAYS COURT REPORTING

To the Honourable the Speaker and Members of the Legislative Assembly of New South Wales.

The Petition of citizens of New South Wales brings to the attention of the House our opposition to any proposal by the Department of Attorney General and Justice to outsource reporting services within the NSW Supreme Court to private contractors.

We believe that this will result in a reduction in the service to the judiciary, the legal profession and the general public of NSW.

The undersigned petitioners therefore ask the Legislative Assembly to ensure that reporting services within the NSW Supreme Court continue to be provided by public sector employees.
