Stop the Liberals
from privatising NSW

Meet your local candidates and make YOUR voice heard

We are holding a candidates' forum to ensure that every candidate seeking your support, hears your voice, and responds to the people's wishes in the Hunter.

The Maitland Community Unions Alliance recently surveyed our local community and you said the most important issues in the 2015 State election are:

- **Not privatising local assets and services**
- **Investing in our community, with a particular focus on health & education services**

In order to ensure that our voices are heard, we are calling on all candidates standing for election to State parliament in March, to listen to us, and commit to the following:

- **Restore the millions of dollars cut from Maitland Hospital**
- **Hand back the millions of dollars slashed from Hunter TAFE**
- **Commit to safe staffing levels for our emergency services**
- **Invest in local jobs & skills**

WE NEED TO HOLD EVERY CANDIDATE TO ACCOUNT
- NOW AND AFTER THE ELECTION
