Dear Mayor,

Following the NSW Government's decision to decommission Grafton Gaol, the NSW inmate population has boomed to over 11,300 inmates. As such, the PSA has escalated our efforts to have Grafton Gaol recommissioned to its full capacity. Should the Government agree, potentially over 100 jobs will be brought back to the region.

The PSA is now seeking your support. We have recently written to the Grafton Chamber of Commerce seeking their support also and I have attached our correspondence for you.

The PSA would be happy to meet to discuss how we can work together to achieve this important outcome for the region.

PSA Assistant General Secretary Steve Turner is available to talk further with you about this should you wish.

Yours faithfully,

Anne Gardiner
General Secretary

Attch.
