Dear Mr Shearer,

Following the NSW Government's decision to decommission Grafton Gaol, the NSW inmate population has boomed to over 11,300 inmates. As such, the PSA has escalated our efforts to have Grafton Gaol recommissioned to its full capacity. Should the Government agree, potentially over 100 jobs will be brought back to the region.

I am seeking your continued support in this campaign. I have attached a draft resolution which the PSA hopes you would be willing to endorse at your next meeting.

PSA Assistant General Secretary Steve Turner is available to talk further with you on 9220 0970 about this should you wish.

Yours faithfully,

Anne Gardiner
General Secretary

DRAFT MOTION

This meeting of the Grafton Chamber of Commerce supports the PSA's efforts to have Grafton Gaol recommissioned. This will bring jobs back to Grafton and improve the economy in our region.
