Department of Education move to Parramatta - have your say!

The PSA welcomes the announcement by the State Government to continue to move jobs closer to where people live in western Sydney. The PSA has been at the forefront of a fairer distribution of jobs and economic activity across a wide range of metropolitan and regional locations.

In this case the PSA wants to be sure this fairer distribution of jobs across the state doesn't negatively impact on any current PSA members. The PSA has always championed work practices that support a better work-life family balance.

We are asking you for your feedback about any undue inconvenience or disruption to family responsibilities a move from the CBD to Parramatta might cause. We understand a CBD location may be more accessible for some members.
