at-level means:

4 Delegation by Secretaries of Departments of functions relating to Public Service senior executives

- (1) The following functions cannot be delegated by the Secretary of a Department under section 27 of the Act:
- (a) the initial engagement of a Public Service senior executive and the consequent assignment of the senior executive to a role,
 - (b) the assignment of a Public Service senior executive to a different role (not being a temporary assignment for a period of less than 6 months),
 - (c) the termination of the employment of a Public Service senior executive under section 41, 68 or 69 of the Act.
- (2) However, the Secretary of a Department may delegate to the head of a Public Service executive agency related to the Department a function referred to in subrule (1) (a) in relation to executives in that related agency. If any such function is delegated to the head of the related agency the function cannot be subdelegated.
- (3) A reference in this rule to an assignment to a different role does not include an assignment consequent on the engagement of an existing executive to a role following recruitment action to fill a vacancy in that role.

Part 2 General Public Service employment provisions

5 Probation periods

- (1) The head of a Public Service agency may determine that the engagement of a person in ongoing employment in the Public Service for the first time is subject to the condition that the person is required:
 - (a) to serve a period of probation on commencing his or her employment, and
 - (b) to satisfy the requirements for the role in which the person is employed during that period of probation.
- (2) The period of probation:
 - (a) for a Public Service senior executive is to be no more than 3 months, or
 - (b) for a Public Service non-executive employee is to be 6 months or such longer period as the agency head directs.
- (3) A period of probation for a Public service non-executive employee may, before the period expires, be extended for such further period as the agency head directs.
- (4) However, the probation period for a Public Service non-executive employee cannot exceed 12 months.
- (5) If a Public Service employee is required to serve a period of probation, the employer may, at any time during or at the end of the probation period:
 - (a) confirm the person's employment, or
 - (b) in the case of a Public Service senior executive—terminate the person's employment under section 41 of the Act, or
 - (c) in the case of a Public Service non-executive employee—terminate the person's employment under section 47 of the Act on the ground that the person has not satisfied the requirements for the role in which the person is employed.

6 Citizenship or residency requirements

- (1) A person is not to be employed as a Public Service employee unless the person is:
 - (a) an Australian citizen, or
 - (b) a permanent resident of Australia, or
 - (c) a New Zealand citizen with a current New Zealand passport, or
 - (d) a citizen of another country with a current visa that allows the person to work in Australia.
- (2) A person is not to be offered employment in the Public Service if that employment would exceed any limitation imposed by or in accordance with law as to the person's entitlement to work in Australia.

7 Formal qualifications

- (1) This rule applies to a Public Service employee whose engagement in a Public Service agency is made subject to a condition that the person is required to have such qualifications as the employer may determine to be necessary for performing the duties of the role to which the person is to be assigned.
- (2) A person who is required to have any such qualifications but who has not provided evidence of the qualifications may be employed on the condition that the person provides that evidence in the time and manner determined by the employer.

8 Security and other clearances

- (1) This rule applies to a Public Service employee whose engagement in a Public Service agency is made subject to a condition that the person is required to have such security or other clearances as the employer determines are necessary for performing the duties of the role to which the person is to be assigned.
- (2) A person who is required to have any such security or other clearances must ensure that those clearances are maintained.

9 Health assessment

- (1) This rule applies to a Public Service employee whose engagement in a Public Service agency is made subject to a condition that the person's fitness to perform the duties of the role to which the person is assigned has been confirmed by a health assessment.
- (2) For the purposes of this rule, *fitness to perform the duties of a role* includes the ability to carry out the role without endangering the health and safety of the public, of other persons employed in the Public Service agency or of the person concerned.
- (3) The form of the health assessment may include (but is not limited to) any one or more of the following:
 - (a) a declaration (which may be a statutory declaration if required) provided by the person concerning any illness, disability or condition of which the person is aware that might make the person unfit to carry out the role,
 - (b) a medical examination by an approved medical practitioner,
 - (c) an examination, by an approved medical practitioner, optometrist or other appropriately qualified health care professional, of a particular aspect of the person's health likely to detrimentally affect the person's capacity to carry out the role.
- (4) The employer is to give the health care professional providing a health assessment referred to in subrule (3) (b) or (c) any requested information about the role concerned that is reasonably required for the purpose of providing the assessment.
- (5) In this rule, *approved* means approved by the Commissioner.

10 Maximum period of temporary employment

- (1) The maximum total period for which a Public Service non-executive employee may be employed in temporary employment in the same Public Service agency is 4 years within any continuous period of 5 years.
- (2) The maximum total period of 4 years may, with the approval of the Commissioner, be extended for an additional period of up to 12 months.
- (3) The Commissioner may determine classes of exceptions to this rule. Any such determination is to be made publicly available on a website provided and maintained by the Commissioner.

11 Temporary assignments

- (1) A person employed in a Public Service agency may be temporarily assigned to another role in the agency (including, in the case of a Public Service senior executive, to another role in another Public Service agency) if:
 - (a) the person who is usually assigned to that other role is unavailable for any reason, or
 - (b) there is no person assigned to that other role.

Note. The regulations under the Act provide for an allowance in the case where the temporary assignment involves a higher role.

- (2) A temporary assignment under this rule may be made by:
 - (a) if the Public Service employee assigned is a Public Service senior executive—the employer of the executive, or
 - (b) if a non-executive employee is assigned to the role of a Public Service senior executive—the employer of the executive, or
 - (c) in any other case—the agency head.
- (3) A Public Service senior executive may not be assigned under this rule to a role in another agency without the agreement of the head of that other agency.
- (4) A temporary assignment under this rule may be terminated at any time by the relevant employer or agency head.
- (5) On completion of a person's temporary assignment under this rule, the person, unless assigned to a different role under section 38 or 46 of the Act, continues to have the role assigned to the person under section 38 or 46 of the Act immediately before the start of the temporary assignment.
- (6) Sections 38 and 46 of the Act do not apply to a temporary assignment under this rule.

12 Converting temporary or term employment to ongoing employment

- (1) An agency head may convert the temporary or term employment of a person to ongoing employment in the agency if the person has been employed in temporary or term employment for a period of at least 12 months and the ongoing employment is at-level.
- (2) The conversion to ongoing employment under this rule:
 - (a) must be based on the results of a comparative assessment after external advertising (whether a previous comparative assessment for the role concerned or a new comparative assessment) and on the employee's most recent performance under the agency's performance management system, and
 - (b) is subject to the satisfactory conduct of the employee.

13 Excess non-executive employees

- (1) The head of a Public Service agency may determine a person who is employed in ongoing employment in the agency other than as a Public Service senior executive to be excess to the requirements of the relevant part of the agency in which the person is employed.
- (2) In making any such determination and in dealing with any such excess employee, the agency head is to have regard to any relevant government policies that were in force immediately before 24 February 2014 and are notified by the Commissioner for the purposes of this rule. Any such policies are to be made publicly available on a website provided and maintained by the Commissioner.

14 Termination of employment

- (1) The employment of a Public Service non-executive employee may not be terminated under section 47 of the Act unless:
 - (a) the employee is, to the extent that it is reasonably practicable to do so, notified of the proposed termination and given a reasonable opportunity to make submissions in relation to the proposed termination, and
 - (b) the agency head has taken any such submissions into consideration.

- (2) This rule does not limit any of the other requirements under these Rules that relate to the termination of employment of a Public Service non-executive employee.

Part 3 Merit-based employment

15 Application of Part

This Part applies to employment in the Public Service.

16 Merit principles to be applied in employment decisions

- (1) This rule applies to any of the following decisions (an *employment decision*):
 - (a) the employment of persons in any kind of employment and the assignment under section 38 or 46 of the Act of persons to roles,
 - (b) the transfer or secondment of an employee to a Public Service agency from another agency,
 - (c) the conversion to ongoing employment of an employee's temporary or term employment.
- (2) Any employment decision relating to a role in the Public Service is to be based on an assessment of the capabilities, experience and knowledge of the person concerned against the pre-established standards for the role to determine the person best suited to the requirements of the role and the needs of the relevant Public Service agency.
- (3) Without limiting subrule (2), the following principles apply in relation to employment decisions:
 - (a) any recruitment action (whether for ongoing employment, temporary or term employment or casual employment) is to take into account:
 - (i) long and short term capability needs to meet the objectives of the relevant agency, and
 - (ii) existing workforce capabilities,
 - (b) pre-established standards for a role are to be expressed as levels against each capability or other requirements for the role,
 - (c) any assessment for a role is to include appropriate methods to assess different requirements,
 - (d) except in the case where a development opportunity is being provided, a person may be employed in a role only if the person meets the pre-established standards for the role or type of role,
 - (e) any employment decision is to be made on balance taking into account all the results provided by the assessment process.

Note. The Commissioner may issue guidance in relation to the application of the merit principles to the assignment of persons to roles.

17 Comparative assessment

- (1) A *comparative assessment* for a role is the process of assessing an individual's claim against:
 - (a) the pre-established standards for the role, and
 - (b) any other claimants for the role.
- (2) The process is to include the following:
 - (a) screening for essential requirements such as a qualification or licence,
 - (b) reviewing an application and resume,
 - (c) at least 3 capability-based assessments, one of which is an interview,
 - (d) referee checks against the pre-established standards for the role.
- (3) More than one assessor must be involved in a comparative assessment.

18 Suitability assessment

- (1) A *suitability assessment* is the process of assessing an individual against the pre-established standards for a role (and not against other persons).
- (2) The process is to include the following:
 - (a) screening for essential requirements such as a qualification or licence,
 - (b) reviewing a resume,
 - (c) at least 2 capability-based assessments, one of which is an interview,
 - (d) referee checks against the pre-established standards for the role.

19 Talent pools

- (1) A *talent pool* is a list of those persons (whether or not existing Public Service employees) who have satisfied the pre-established standards for a role or type of role through a comparative assessment.
- (2) A talent pool may be used for recruitment to ongoing employment or for temporary or term employment.
- (3) A talent pool may, without limitation, be established jointly by more than one Public Service agency and may be used for recruitment purposes by any Public Service agency.
- (4) A person may be included in a talent pool for no longer than the period of 12 months following the completion of the comparative assessment that entitled the person to be included in the talent pool.

20 Ongoing employment

The following decisions must be based on a comparative assessment after external advertising:

- (a) the decision to employ a person in ongoing employment in a particular classification of work or band and the initial assignment of the person to a role in that classification or band,
- (b) any subsequent decision to employ the person in a different classification of work or in a different band and the initial assignment of the person to a role in that classification or band.

21 Temporary or term employment (up to 6 months)

- (1) The decision to employ a person in temporary or term employment for a period of up to 6 months must be based on either a suitability assessment or a comparative assessment.
- (2) If the person is employed in temporary or term employment on the basis of a suitability assessment, the person cannot continue in that employment after 6 months unless the person does so on the basis of a comparative assessment after advertising across the Public Service. In such a case, action to undertake the additional requirements of a comparative assessment should commence not later than 3 months after the commencement of the person's temporary or term employment.
- (3) Subrule (2) does not prevent any additional form of advertising from also being used for the purposes of the comparative assessment.

22 Temporary or term employment (more than 6 months)

The decision to employ a person in temporary or term employment for a period of more than 6 months must be based on a comparative assessment after advertising

across the Public Service. This rule does not prevent any additional form of advertising from also being used for the purposes of the comparative assessment.

23 Limited advertising of vacancies arising from agency restructure

- (1) If, during the course of a major restructure affecting one or more Public Service agencies (an *affected agency*), the head of an affected agency considers that a significant number of employees in that or any other affected agency are likely to be determined to be excess employees, the agency head may, in taking recruitment action to fill a vacancy in a non-executive role that arises as part of the restructure, limit the recruitment to the following candidates:
 - (a) persons employed in ongoing employment in affected agencies,
 - (b) persons who have been employed in temporary employment in affected agencies for a period of at least 12 months.
- (2) This rule has effect despite any requirement under these Rules for external advertising in relation to the role concerned.

Part 4 Review of promotion decisions

24 Request for review of promotion decision

- (1) A Public Service non-executive employee (the *relevant employee*) may request a review of the decision to offer, following a selection process, another Public Service non-executive employee ongoing employment in a role for which the relevant employee has unsuccessfully applied (being a role that has a higher remuneration level than the level paid to both the relevant employee and the other employee immediately before the decision was made). Any such decision is referred to in this Part as a *promotion decision*.
- (2) A request for the review of a promotion decision may only be made on the ground that the whole or any part of the selection process for the role concerned was irregular or improper. The review is not a review of the merit of the relevant employee for the role.
- (3) A request for the review of a promotion decision:
 - (a) must be in writing to the head of the Public Service agency in which the role to which the promotion decision relates is to be carried out, and
 - (b) may only be made within the period of 10 business days after the relevant employee is advised of the promotion decision.
- (4) If a request for the review of a promotion decision is made, the engagement of the other employee in the role to which the decision relates cannot be implemented until the review is completed.

25 Conduct and findings of review

- (1) The review of a promotion decision is to be conducted by a Public Service senior executive (the *reviewer*) who was not involved in the selection process to which the decision relates and who is appointed by the agency head to whom the request for the review is made.
- (2) The reviewer is to conduct the review within 10 business days after the request for the review is made.
- (3) After conducting a review of a promotion decision, the reviewer may:
 - (a) if satisfied that the selection process was not in any way improper or irregular, confirm the promotion decision, or
 - (b) if satisfied that the selection process was in any way improper or irregular, make a recommendation to the agency head that the agency head revoke the promotion decision and carry out another selection process for the role concerned.
- (4) The relevant employee is to be notified in writing of the reviewer's decision.
- (5) The decision of the reviewer in respect of the review is final.

Part 5 Workforce diversity

26 Employment of eligible persons

- (1) An eligible person may be employed as a Public Service non-executive employee by the head of a Public Service agency.
- (2) The agency head must be satisfied that the eligible person employed in a role under this rule is suitable for the role and have the greatest merit of the eligible persons seeking to be employed in the role.
- (3) For that purpose, Part 3 applies but with such modifications as are necessary to facilitate the employment of eligible persons. Without limiting the operation of this subrule, the capabilities of eligible persons must be assessed against the pre-established standards for the role using such capability-based assessments as the agency head considers relevant.
- (4) In this rule:
eligible person means any of the following:
 - (a) an Aboriginal person or Torres Strait Islander,
 - (b) a person with a disability,
 - (c) a person under the age of 25 years,
 - (d) a person who belongs to a group of persons designated by the Commissioner as being disadvantaged in employment.
- (5) The designation by the Commissioner of any such group of persons is to be made publicly available on a website provided and maintained by the Commissioner.

27 Information relating to workforce diversity

The head of a government sector agency is to ensure that information relating to workforce diversity within the agency is collected and is able to be provided to the Commissioner if required to do so under section 16 of the Act.

Note. Under section 16 of the Act, the Commissioner may require the head of a government sector agency (which for the purposes of that section includes SOCs and universities) to provide reports and information relating to workforce diversity in the agency.

Part 6 Transfers and secondments

28 Application of Part

- (1) This Part applies to transfers or secondments between government sector agencies but not to transfers or secondments within the same government sector agency.
- (2) This Part does not apply in relation to a government sector agency comprising the service of a State owned corporation or any service excluded by section 5 of the Act.

29 Transfer of employees between government sector agencies

- (1) A government sector employee may be transferred to the service of another government sector agency by agreement between the agency heads.
- (2) Except where the employee initiates the transfer or consents to a transfer at a lower level, a government sector employee may only be transferred to another agency at the same or equivalent grade or level.
- (3) A government sector employee who requests a transfer must do so in writing to the head of the agency in which the person is employed.
- (4) Unless it is initiated by the employee, the person who initiates a transfer must:
 - (a) provide reasonable notice to the employee of the transfer, and
 - (b) advise the employee that the employee may request a review of the transfer within 10 business days after the employee is notified of the transfer.

Note. Section 64 (2) of the Act also requires the employee to be consulted.

- (5) The transfer of a government sector employee to another agency has effect only if it is confirmed in writing by the agency heads concerned. A copy of the confirmation is to be provided to the employee.
- (6) This rule does not apply in relation to the assignment under section 38 of the Act of Public Service senior executives to roles in Public Service agencies.

30 Merit assessment in relation to transfers

- (1) Any at-level transfer of an employee to a Public Service agency from a non-Public Service government sector agency, or between Public Service agencies, must be based on either a suitability assessment or a comparative assessment.
- (2) If:
 - (a) a Public Service employee is transferred to a non-Public Service government sector agency, or
 - (b) a government sector employee is transferred between non-Public Service government sector agencies,

the head of the government sector agency to which the employee is transferred is to ensure that the employee is suitable for the role, position or work to be assigned to the employee in that agency.

31 Secondment of employees between government sector agencies

- (1) A government sector employee may be seconded, for a period not exceeding 2 years, to the service of another government sector agency by agreement between the agency heads.
- (2) Any such agreement is to set out the following:
 - (a) the period of the secondment,
 - (b) the financial responsibilities of the agencies in relation to the employee's entitlements,

- (c) the procedure to be followed on completion of the secondment,
 - (d) the circumstances in which the secondment may be terminated and the form of notice to be given to terminate the secondment before the end of the agreed period.
- (3) A copy of the agreement must be provided to the employee concerned.
 - (4) An employee who requests a secondment must do so in writing to the head of the government sector agency in which the person is employed.
 - (5) Unless it is initiated by the employee, the person who initiates a secondment is required:
 - (a) to provide reasonable notice of the secondment to the employee, and
 - (b) to advise the employee that the employee may request a review of the secondment within 10 business days after the employee is notified of the secondment.

Note. Section 64 (2) of the Act also requires the employee to be consulted.

- (6) The head of the government sector agency to which a government sector employee is seconded is, unless the secondment is provided as a development opportunity, to ensure that the employee is suitable for the role, position or work to be assigned to the employee in that agency.
- (7) In the case of a secondment of a Public Service employee to a non-Public Service government sector agency, any merit assessment in relation to the secondment is to be to the satisfaction of the head of that government sector agency.
- (8) A government sector employee who is seconded to another agency is, on completion of the secondment, entitled to return to the government sector agency from which the employee was seconded at the same work level at which the person was employed immediately before being seconded.
- (9) This rule does not apply in relation to the assignment under section 38 of the Act of Public Service senior executives to roles in Public Service agencies.

32 At-level secondments to Public Service agencies

An at-level secondment to a Public Service agency must, unless it is provided as a development opportunity, be based on either a suitability assessment or a comparative assessment.

33 Above-level secondments to Public Service agencies

- (1) An above-level secondment of up to 6 months to a Public Service agency must be based on either a suitability assessment or a comparative assessment.
- (2) If the person is seconded above-level on the basis of a suitability assessment, the person cannot continue in that employment after 6 months unless the person does so on the basis of a comparative assessment after advertising across the Public Service. In such a case, action to undertake the additional requirements of the comparative assessment should commence not later than 3 months after the commencement of the above-level secondment.
- (3) The head of a Public Service agency may, in the case of a Public Service employee who has been seconded above-level to the agency for a period of at least 12 months and with the consent of the employee, employ the person in ongoing employment in the agency at that level.

Note. Persons seconded at-level to an agency may be transferred to the agency under rule 29.
- (4) The decision to employ a person in ongoing employment under subrule (3):

- (a) must be based on the results of the comparative assessment under subrule (2) or a new comparative assessment after external advertising and on the employee's most recent performance under the agency's performance management system, and
- (b) is subject to the satisfactory conduct of the employee.

34 Review of employer-initiated transfers or secondments

- (1) This rule applies in relation to the transfer or secondment of a government sector employee that has not been initiated by the employee (referred to in this rule as an *employer-initiated transfer or secondment*).
- (2) The government sector employee in respect of whom an employer-initiated transfer or secondment applies may apply to the head of the government sector agency in which the person is employed for a review of the transfer or secondment.
- (3) If an application is made for the review of an employer-initiated transfer or secondment, the transfer or secondment (as the case requires) of the employee to the service of another government sector agency does not have effect until the review is completed.
- (4) An application by an employee for the review of an employer-initiated transfer or secondment must be made:
 - (a) in writing to the head of the government sector agency in which the person is employed, and
 - (b) no later than 10 business days after the day on which the employee is notified of the transfer or secondment.
- (5) The review of an employer-initiated transfer or secondment is to be conducted by a senior executive (the *reviewer*) who was not involved in the decision to transfer or temporarily second the employee to another government sector agency.
- (6) The reviewer is to conduct a review of the employer-initiated transfer or secondment within 10 business days after the application for review is made.
- (7) The employee may make submissions to the reviewer, including reasons why the proposed transfer or secondment would cause undue hardship to the employee.
- (8) In conducting a review, the reviewer is:
 - (a) to assess whether or not the employer-initiated transfer or secondment is appropriate having regard to all relevant circumstances (including any submissions provided by the employee), and
 - (b) to make such findings as the reviewer thinks appropriate.
- (9) Any such findings are to be notified to the agency head.
- (10) The agency head is to make a decision in relation to the matter subject to the review and notify the employee concerned in writing of the decision.
- (11) Any decision by the agency head in relation to the matter is final.

Part 7 Performance management

35 Core requirements of performance management systems

- (1) The core requirements of a performance management system are as follows:
 - (a) to set and clarify expectations for employees,
 - (b) to monitor employee performance,
 - (c) to plan and review employee performance,
 - (d) to develop employee capability,
 - (e) to recognise employee achievements,
 - (f) to resolve unsatisfactory employee performance.
- (2) The Commissioner may determine the essential elements of those core requirements.

36 Dealing with unsatisfactory performance

- (1) The head of a government sector agency may not take any action under section 68 (2) of the Act in relation to an employee unless:

- (2) The agency head may not take any action under section 69 (4) of the Act in relation to an employee unless:
 - (a) the employee is notified of the proposed action to be taken, and
 - (b) the employee is given a reasonable opportunity to make submissions in relation to the proposed action, and
 - (c) if any such submissions are made, the agency head has taken those submissions into consideration.
- (3) If the agency head makes a finding of misconduct in relation to an employee, the agency head may, instead of taking action under section 69 (4) of the Act, require the conduct of the employee to be monitored over a specified period notified to the employee.
- (4) If, during that specified period, the agency head is satisfied that the employee has engaged in misconduct of the same or similar kind as the misconduct the subject of the previous finding, the agency head may take any action under section 69 (4) of the Act in respect of the employee.
