

DFSI Better Regulation restructure union consultation

On 23 June, the Department of Finance Services & Innovation (DFSI) released its draft Restructure Management Plan (RMP) for Better Regulation Division which pertained to Policy, State Insurance Regulatory Authority (SIRA) and Program Delivery.

The consultation period for this RMP closes at 2pm on Wednesday, 13 July.

On 1 July, DFSI released a second draft RMP for Better Regulation Division which pertained to SafeWork.

The consultation period for this RMP closes at 2pm on Wednesday, 20 July.

The new role descriptions have not been published for either restructure and it is the view of the PSA that members and the union must be furnished with those role descriptions at the beginning of the consultation period to allow for full and proper comment.

The PSA is seeking an extension to the consultation period on each of these RMPs equal to DFSI's delay in publishing new role descriptions.

Affected PSA members in both SIRA and Safework are asked to submit any feedback, comments, concerns or questions they may have on either RMP directly to PSA Industrial Advocate, Matthew Drake-Brockman mdrake-brockman@psa.asn.au by 5pm on Friday 8 July.

In addition to general feedback, we are also seeking any examples of specific scenarios where the selection process is not clear.

Thereafter, the PSA intends to conduct two member meetings to discuss and collate feedback on each RMP to then present to management.
