INDUSTRIAL RELATIONS DIRECTORATE

Ms Anne Gardiner
General Secretary
Public Service Association of NSW
160 Clarence Street
SYDNEY NSW 2000

DOC16/400014

Attention: Vera Babicheva

Dear Ms Gardiner

Re: Student Injections

I refer to your letter of 3 May 2016 (your ref VB:cj A15/0690) raising concerns about instances of injections being administered by school learning support officers.

In order for the Department to adequately investigate this matter and take appropriate action, the Association is requested to provide further details such as:

- school names where the injections are administered
- the type of medication being injected and for what reasons (whether for routine administration of medication, in response to an emergency or other circumstances)
- the exact method of delivery i.e syringes, auto-injectors, pumps etc.

I understand the Association would require some time to source this information from the individual members raising the issue and therefore the Department requests this information be provided by COB Friday 27 May 2016.

Yours sincerely

Mark Philip
Director, Industrial Relations

18 May 2016
