

Housing NSW staff survey

Why is the PSA doing this survey?

Over the past few months, our Housing NSW members have reported some issues which we believe might be of concern to the wider Housing NSW membership and staff.

The following survey has been designed to measure how widely felt some issues are for staff.

The data from this survey is being collected by the PSA. If you prefer, you can answer all questions and write comments anonymously.

The data collected will be used to address the issues impacting Housing NSW members.

All answers will be completely confidential. If the PSA decides to discuss the results of this survey with Housing NSW, any data provided will be on an aggregated basis only.

It should take less than 10 minutes to complete the survey. We encourage you to take advantage of the Comments field after each question.

This is your chance to have your say!
