Petition to stop the transfer of specialist disability services to the private sector

The PSA is again publicly calling on the Government to stop the risky privatisation of disability services. We need everyone across the mighty PSA to stand with our members in Ageing, Disability and Home Care.

This Government is continuing with its appalling privatisation agenda, that will give away the services that people with disability need most. We call on the new Minister for Disability Services, Ray Williams, to halt the transfer of all public disability services to the private sector.

This time they can't fob us off or use tricky parliamentary processes to bury debate on this issue. We're strong, we're united and we won't stop fighting.

Sign now!

We call on all members to take a minute today to sign and share the petition so we can show the NSW Government we won't allow it to sell-off our services without a fight.

Click [HERE](#) to sign the petition.
