ADHC Campaign update

Take up the fight to the Government

The Berejiklian Government is going ahead with the privatisation of disability services, despite growing concerns from industry stakeholders calling on it to slow down. The fight is not over, and your union is committed to continue pushing the Government to retain a critically needed public sector disability services safety net.

We are taking the fight right to the steps of Parliament House. We are strong, we are united, and we won't be ignored.

You can support the work of your delegates and the PSA by asking your colleagues to [JOIN](#) their union and come along to our protest.
