# DFSI Corporate Procurement and workplace survey

Dear member,

The Restructure Management Plan (RMP) for the Corporate Procurement and Workplace group proposes relocating positions and changing hours of work.

The PSA is interested to know how these proposals affect you.

## PSA survey

The survey is designed to give members an opportunity to provide information on the RMP proposals in confidence to the PSA. Information collected will be de-identified and used to give DFSI a better understanding of the impacts of their proposals.

Please answer the survey only to the extent that you are comfortable. There are no compulsory questions in the survey.

The PSA will report the de-identified results of the survey in a bulletin to members, and with the employer at a meeting to discuss the RMP.

Please contact the PSA's Work Health Safety Unit at [whsunit@psa.asn.au](mailto:whsunit@psa.asn.au) if you would like discuss the relocation proposal.

The survey is [HERE](#) and will close at midnight on **Monday 7 August 2017**.
