CST members: Know your union, stay united!

The past month has been a very challenging time for Clinical Services and CST members across the state as you moved into the private sector and adjusted to your new employer.

Many concerns members had before the privatisation have been realised. These have resulted in your union, the CPSU NSW, initiating legal proceedings in the Fair Work Commission in an effort to enforce your rights.

This is not our first preference, which is to resolve issues at the local level.

The only way we can build strong consultative structures that are respected by your employer is by remaining vigilant and united as CPSU NSW members.

The strength of your union comes from you.

To support the work of the CPSU NSW in your workplace make sure everyone knows who the delegates are and encourage all non-members to join their colleagues and become a CPSU NSW member.
