

# PSA WINS 2.5% PAYRISE for disability workers

The PSA has continued the fight to protect the conditions of disability members and improve your salary before the privatisation starts.

After wide spread consultation with members and a long fight, the PSA/CPSU NSW has won the protection of your rostering principles and your 2.5% wage increase.

The 2.5% pay rise will be backdated to the first full pay period after 1 July 2017. We fought and we won!

Your pay and conditions come from your union and we will fight to protect them into the future but we cannot do this without you. In the federal sector this is done through Enterprise Bargaining.

Having your union and its collective strength behind you when bargaining is the only way to make sure you get fair outcomes.

Join the fight for better pay and conditions, join the PSA/CPSU NSW TODAY!
