Landcom meeting notice

Landcom is now a state-owned corporation. As such, the PSA will be having a meeting tomorrow, on Tuesday, 24 October 2017. At this meeting we will discuss the structures the PSA can build at Landcom in order to preserve and propagate your rights. We will also talk about the legislative changes to the Landcom Award and the new industrial environment that you are in as a result.

Strong workplace structures are pivotal to giving all members a voice and to having an ability to work in a more stable environment. These structures will be extremely important when the existing contract arrangements for all workers expire in two years' time.

Landcom is a new entity and it provides an opportunity for a fresh start for all. Come to the meeting tomorrow and see how we can make a create a better workplace together

The meeting will be held:
