Dear Mr Little,

Re: Efficiency Dividend and the Department of Education

I refer to your letter of 25 June 2018 (your reference KC:ljm A18/0051).

I note the Association's comments regarding the 3% efficiency dividend announced by the NSW Government in the 2018 state budget.

The Department will meet its obligations in this regard without affecting the employment of corporate staff. In view of this the department does not propose to meet in relation to this matter.

I trust this information is of assistance.

Yours sincerely,

Clare Archibald
Director, Industrial Relations
