

What a week! Our amazing SAS Staff members have been recognised

What a week it was!

From all over NSW, the PSA was inundated with photos of our amazing SASS members being recognised by their school community for the wonderful and important work they do.

We all know that the vitally important work that SAS Staff do every day ensures schools function and during **SASS Recognition Week** we saw our members receive a well deserved thank you.

But it didn't stop there!

The thank you's kept rolling in for days past 7 September and we posted them on our Facebook page to raise the profile of our SASS members and the contribution they make to their workplaces.

Check out the photos!

Take a squiz at all the fabulous photos up on the PSA website and don't forget to like and follow the PSA Facebook page to keep up to date on what your union is doing every day!
