

SAS Staff NOT BEING PAID ANNUAL LEAVE LOADING BEFORE CHRISTMAS

DEPARTMENT OF SCROOGE EDUCATION DESTROYS CHRISTMAS

With LMBR, WWCC, eFPT being on again/off again, the disaster of the introduction of the SAP HR Payroll system have all placed an enormous burden on members.

Yet despite the enormous workload, the frustration of systems that don't deliver, not being paid correctly or in some cases not being paid at all members have continued to provide excellence in administration and student support.

And how does the department thank you?

BY DELIBERATELY WITHOLDING YOUR LEAVE LOADING

NO EXPLANATION

NO REASON

NOT EVEN THE COURTESY OF TELLING YOU

The Department will not pay your annual leave loading until after Christmas. SAS Staff have always received their leave loading in the first pay period in December so why the change? What is the Department hiding? What are they afraid of telling you?

What is the PSA doing?

PSA Delegates and staff are outraged by this deliberate and sneaky attack on members and we will be seeking the urgent assistance of the NSW Industrial Commission to have your leave loading paid before Christmas.

What can you do?

Contact the Minister for Education, the Hon. Rob Stokes MP pittwater@parliament.nsw.gov.au and ask that he instruct the Department to pay your Annual Leave Loading before Christmas.
