

Thank you for taking part in the TfNSW Lost excess hours survey

The PSA would like to thank everyone who took part in our recent TfNSW lost excess hours survey. The huge number of responses we received indicates how large an issue this really is for staff.

As expected, the results of this survey were overall quite damning of the current system and indicated many members of staff are working far and above their contract hours of employment. This would come as no surprise to most members of staff, as we have heard countless reports of staff continually having to 'throw away' hours due to work pressures and the inability to bank these hours or take their flex days.

The PSA will continue to fight going forward to ensure that all hours of work are recognised. Having the quantifiable data which comes from this survey will assist us greatly in both working with management to develop better systems and in giving members the tools they need to have all hours they work credited.

If you wish to find out more about the survey or what your union is doing to alleviate this issue, please do not hesitate to contact your workplace organiser Ben James on bjames@psa.asn.au or 0438 485 535.
