

Fill me out: ITD Survey

We've heard mixed reviews about the ComFleet roll out, and we want to know more. If you work in the IT Directorate and are affected by these changes, please fill out our survey [HERE](#).

We want to know how these changes affect you, if you're happy with what's happening or not, and what you need to do your job best. The more data we have, the more we are able to advocate for you, and it will only take you four minutes!

If you have any further feedback please email education@psa.asn.au

Please pass on the survey to the person sitting next to you, even if they're not a member yet. They can join online [HERE](#). A unionised workplace is a fairer workplace, and every voice counts.

See you at our next meeting!
