

Greyhound Welfare Integrity Commission member bulletin

The PSA is currently working with GWIC to coordinate another meeting to discuss members' issues.

We would like to make this an ongoing thing and see such a process as progressively resolving workplace concerns. This bulletin is a call out for issues that you would like to see discussed. They can be provided to the email address at the bottom.

Further though, the PSA supports our members best when we work with employee representatives (or delegates). We recognise the value of the views and knowledge of those on the ground doing the work. Our preference is always to go to meetings with delegates. So this bulletin is also a call out for people prepared to stand up and take on a delegate position. This would include attending such meetings as that we are now coordinating.

If you are interested let us know. We are happy to discuss the role of a delegate with you and how the PSA assists with the role.

If you receive this bulletin and are not a member we urge you to join. The more members means the Union, and its membership, are stronger.

Feel free to pass this on to your colleagues.
