

POVB Bulletin – Disciplinary Matters

The PSA/POVB are experiencing a high number of requests for assistance with members' responses to their disciplinary matters.

We are also experiencing a high number of meetings and Industrial Relations Commission matters. Due to this we are concerned that some members may have contacted the Executive, Dave Bartle or Dave McCauley wanting assistance and have slipped through the cracks due to the high workload.

If anyone that has been given a show cause letter for a disciplinary and has contacted us but not heard anything back in regards to your response, can you please make contact with David Bartle and David McCauley.
