

Tamworth Delegates and Activists: Get Skilled Up!

If you're a new delegate or active member living/working in the Tamworth area, then read on.

Due to popular demand, we will be running our full-day flagship delegate development course Role of the Delegate in Tamworth on Tuesday 29 October 2019.

This course deals with the basics of what being a delegate entails; roles and responsibilities, protections, recruitment and conversation skills. Role of the Delegate is most suited to delegates and activists with beginner to intermediate levels of experience, but any member can find it an interesting look into what a delegate does.

[You can apply for the course online on our website.](#)

Once you register online, you will receive an email with your leave letter to apply for Special Leave. This email will also have further details about the venue.

If you have any questions please email us at training@psa.asn.au.
