

EPA realignment bulletin

The PSA was invited to attend a meeting with the EPA CEO and senior industrial staff from DPIE at 3:30pm on 11 December 2019.

At this meeting the PSA was advised of a realignment of the executive structure.

The PSA has concerns that the realignment of the executive structure will have a far greater impact on EPA individuals and groups.

The PSA raised serious concerns with the timing and ill-thought-out realignment as most staff are on holidays over the Christmas period. Management also advised it is hoping this will be implemented by the start of February.

The PSA encourages all EPA members to ask questions and raise their concerns as soon as possible.

The PSA will be conducting a meeting on Wednesday 18 December at Goulburn Street; level 15 Conference Room.
