

Supreme Court flex entitlements

Recently, members raised with the PSA that Supreme Court staff had been advised they could not take flex leave on a Monday or a Friday of any week.

This was raised at your quarterly JCC meeting between your PSA representatives and Chris D'Aeth and Naomi Ubrihien.

Both Chris and Naomi agreed that they would actually encourage staff to request flex on these days, as it promotes work/life balance and assuming that there are not already numerous staff on flex that day.

PSA members are encouraged to approach their delegates or contact the Member Support Centre on 1300772679 if they have an issues regarding flex, or any leave entitlements.
