## Schools Infrastructure NSW – the PSA is here for you

We write to let you know we are thinking of you during this difficult time and especially after hearing this morning that your office at George street is closed due to a confirmed case of COVID-19.

We want to assure you that the PSA is doing everything in our power to ensure your employer takes every step they can, to minimise the risk of COVID-19 in your workplace and to protect the health and wellbeing of our members.

When you are working from home or from another location, if you have any questions or concerns or need any assistance, please contact the PSA. Our Member Support Centre (MSC) is working extended hours right now so our members can access the support they need. You can contact the MSC on 1300 772 679.

In union,

Your DoE Team
