Women of Steel: celebrate women's achievements in our 90th year

It is the PSA/CPSU NSW Women's Council's 90th anniversary this year. Since its founding, the Women's Council has served as a key advisory body to our democratic decision making. We celebrate 90 years strong of Women's Council in 2020.

We've adjusted how PSA/CPSU NSW does business looking after members and building our union during the pandemic, and one of those adjustments will be a series of women's webinars as we look forward to holding Women's Conference later in the year. The first online offering we have is 90 tickets for 90 members to see *Women of Steel* as part of the Sydney Film Festival online.

Your ticket provides access to exclusive viewing at a time of your choosing between now and 21 June 2020 (this Sunday).

You can find the film [HERE](#).
