

Mental health survey

The challenges of the past few months have undoubtedly been stressful for workers at Taronga Sydney and Taronga Western Plains Zoos. Many members have approached the union with concerns for their mental health as a result of the current environment. Due to these concerns, the PSA has put together this anonymous survey to inform our discussions with management.

Please take some time to participate in this short survey. Your participation, experience, and knowledge are invaluable and will help your union in the fight to improve your working conditions.

If you are experiencing problems with your mental health, please speak to your doctor and seek assistance. No-one needs to battle mental health issues alone.

If you have any questions or concerns, please contact your PSA Organiser Chris Bird at cbird@psa.asn.au.
