

Public Service Commission restructure update

The PSA has received further information from management regarding the Public Service Commission's restructure.

As you can read [HERE](#), the information provided does little to address any specific concerns previously articulated by the PSA. However, it does attempt to provide some broader context.

The PSA will formally meet with PSC management later next week, and will seek feedback from members on any aspect of the restructure.

Please send your feedback to your PSA Delegate Joanne Atkin at joanne.atkin@psc.nsw.gov.au by close of business Tuesday 1 September.

Your feedback will be kept strictly private and confidential and raised on a collective basis.

We will report back to members after that meeting with management.

During this restructure, the PSA is in your corner. [JOIN](#) the PSA today.
