

We Need Your Feedback on the DoE Draft Student Behaviour Strategy

As you may be aware, the Minister for Education, Sarah Mitchell MLC has announced the development of a new Student Behaviour Strategy which has been publicly released for feedback.

[CLICK HERE TO DOWNLOAD THE DRAFT STRATEGY](#)

The PSA is preparing a submission in response. To do this we need to hear from you, the people working day in day out with students.

As this is 'a whole of schools strategy', input from all members employed in Schools is very welcome.

The PSA is particularly interested in hearing from members who would be directly involved in implementing the strategy, or affected by it. We want to hear from School Learning Support Officers, Student Support Officers, Aboriginal Education Officers and School Psychologists and all administrative classifications who may be required to manage and use the systems needed to implement and support the strategy.

This survey is only open for a short time, please provide your feedback by **10am 16 September 2020**.
