Grafton Office official opening

You may have noticed a new tenant in town – your union, the PSA/CPSU NSW, has opened an office!

Our office is not just about the newly opened Clarence Correctional Centre – but recognition that Grafton is the community with the largest number of public sector workers on the entire NSW North Coast.

We are holding an informal (and COVID-safe) opening of our office and would welcome any members interested to come see the premises and meet our local staff member Tom and Northern NSW Delegates Rebecca and Asren.

It will also be a great opportunity to meet fellow members from other agencies throughout the town, and realise how eclectic and vital the services you collectively provide Grafton are.

Assistant General Secretary Troy Wright will also be in attendance. Refreshments will be provided.

The details are as follows....hope to see you there!
