We need to hear from you – inquiry into the child protection and social services system

The PSA is making a submission to the Parliamentary Inquiry into the child protection and social services system. You can read the terms of reference HERE.

This submission is an opportunity for the PSA to continue to lobby for the funding and resources you need to do your work.

It has been the overall position of the PSA for some time that DCJ: Community Services is under-funded and under-resourced and that this is having a detrimental effect on both staff and vulnerable children and families.

So that the submission genuinely reflects what is happening on the ground in your workplaces we need to hear from you.

As your union, we will be making this submission on your behalf and we ask that you take 10 minutes to tell us what you think.
