

What Women Want: More information about super webinar invitations

In our inaugural What Women Want report, you told us that you were concerned about your super and almost 65 per cent of women surveyed had never been to an information session about their super. We've teamed up with Aware Super to bridge this gap, and the first of these online sessions – 'Approaching Retirement' is on Wednesday, 2 December at 12 noon. You can register for it [HERE](#).

Then on 9 December, we have 'Women and Super 101', at 12 noon. You can register for this session [HERE](#).

Both sessions will:

- run for 30 minutes
- be available as a webinar for later viewing on PSA's website
- allow time for questions and have a question facility in the chat with Aware Super staff.

Anyone wanting to attend who isn't yet a member of our union can join here: psa.asn.au/join.

You can also join the Aware Super Inaugural Annual Members' Meeting scheduled for December 8 2020. It will be an online event and provides an opportunity for members to ask questions to the panel (including Directors/CEO/Executive) from Aware Super, as well as hear an update from the fund.

Questions can be submitted in advance or posted on the night. Register [HERE](#).

In Unity,
Women's Council Executive
