

Referral of WHS matters to the external Resource Regulator: consultation

The PSA will be consulting with members on the draft Resources Regulator Memorandum of Understanding and referral protocol policy for WHS matters in the Department of Customer Service (DCS).

DCS has released its proposal for consultation and the PSA will be making a submission in response. While the consultation period was originally intended to end on 29 January, following PSA representations DCS agreed to extend the consultation period to 12 February 2021.

The summary of the proposed changes can be found [HERE](#), the Memorandum of Understanding is [HERE](#) and the fact sheet regarding the change is [HERE](#).

We will be holding a Teams meeting for members in Gosford on Thursday 4 February at 12:00pm to consult over this issue and hear what you have to say.
