

Department of Justice - Digital Technology Services (IDS) - Flex Agreement

The PSA has received numerous calls from members about a ban on accumulating flex time when working from home.

This is contrary to the flex agreement (A copy can be found [HERE](#)).

The PSA can confirm that the flex agreement applies regardless of whether work is done at home or in the office.

The PSA has contacted the department about the issue.

Members will be updated as soon as we receive a response.

If you know a colleague that would like to speak to your Union about this matter, please call member support centre MSC on 1300 772 679.
