

## Heritage NSW: PSA seeks answers regarding restructure enquiries

The PSA has written to the Heritage NSW Executive regarding enquiries of a planned restructure.

In recent weeks, PSA members raised enquiries of a proposed restructure at Heritage NSW. PSA members raised their understanding that restructure was being planned, but had not formally commenced.

The PSA has written to the Heritage NSW Executive seeking a reply to the following questions:

1. What are the current plans for a restructure at Heritage NSW?
2. When could the Association anticipate the change management plan with significant time frames for proper consultation?
3. What would the scope of a proposed restructure be?

The PSA also sought if further detail could be provided to the Association in order to allay PSA members' concerns.

While PSA members have a range of questions regarding this matter, we have taken the three most requested questions and taken them directly to Heritage NSW Executive.

The PSA will keep its members informed as this matter develops. If you have further questions, please contact your PSA Delegates [MaryAnn.Hamilton@environment.nsw.gov.au](mailto:MaryAnn.Hamilton@environment.nsw.gov.au); [sam.higgs@environment.nsw.gov.au](mailto:sam.higgs@environment.nsw.gov.au); and [Brad.Welsh@environment.nsw.gov.au](mailto:Brad.Welsh@environment.nsw.gov.au).
