# WHEN SHOULD YOU CALL THE UNION?

## Call the union if you have any questions or concerns about your employment that cannot be resolved directly with your employer.

The PSA provides advice and support to members on all aspects of their employment including:

- Negotiating pay and conditions
- Leave and other entitlements
- Supporting you if you are treated unfairly by your employer
- Protecting your well-being at work

Each week, the PSA receives hundreds of calls, and hundreds of questions, from members seeking advice and support.

We are here for you if you need some simple advice about your Award or your entitlements or, in the worst case, when your employment is on the line and you need the strength and expertise of your union behind you.

The PSA's primary focus is protecting your rights at work. However, we also provide our members with numerous benefits such as Journey Insurance, Personal Injury Insurance, Family Cover and the Provident Fund, as well as dozens of member-only services and discounts, which can save you hundreds, even thousands, of dollars on your loans, bills and groceries.

The PSA also provides members with access to financial advice and legal services, as well as a number of health support services.

PSA membership means knowing that all you have to do is pick up the phone and expert advice and support is on hand.
