- (c) This Agreement will be monitored by the parties covered, to ensure that it is implemented properly. This Agreement may be varied during its term under Part 2-4, Division 7, Subdivisions A and B of the Fair Work Act.

1.5 Principles of this Agreement

This Agreement sets out employment terms and conditions for the employer's employees.

This Agreement should not be interpreted in a way that would hinder WaterNSW's pursuit of the following objectives:

- delivering essential and sustainable water services for the benefit of customers and the community;
- performing its functions safely, efficiently and effectively;
- protecting the environment; and
- protecting public health.

All parties agree to work together to continually improve productivity, flexibility and customer service to ensure that WaterNSW is a successful business. To facilitate this process, all employees will demonstrate WaterNSW's values.

The parties also agree to collaborate for mutual benefit in:

- providing safety for employees and the public;
- building a one team culture;
- rewarding people for performance and outcomes;
- assisting employees to balance their work and private commitments;
- ensuring availability of employees to serve customers and communities;
- providing an environment that is free from bullying, harassment and discrimination;
- making the most efficient use of resources and supporting innovation;
- respecting and valuing diversity; and
- ensuring freedom of association.

The employer acknowledges the right of employees to be represented by their union in relation to workplace health and safety (WHS), their industrial interests and in negotiating industrial change.

1.6 Preventing and eliminating unlawful discrimination

- (a) This Agreement intends to help prevent and eliminate unlawful discrimination in the workplace. Unlawful discrimination includes discrimination on the grounds of race, sex, marital status, disability, sexual orientation, transgender identity, age, and carer responsibilities.
- (b) WaterNSW and its employees will take all reasonable steps to ensure this Agreement is not discriminatory in its effect, either directly or indirectly.
- (c) This clause does not apply to:
 - (i) any conduct or act that is specifically exempt from anti-discrimination legislation; or
 - (ii) offering or providing junior rates of pay to a person under 21.
- (d) This clause does not create any extra legal rights or impose any extra obligations to those created or imposed by the Fair Work Act or the *Anti-Discrimination Act 1977*. Nor does it prevent a party to this Agreement from pursuing matters of unlawful discrimination in any state or federal jurisdiction.

2. Part B – Consultation, workplace change and dispute resolution

2.1 Consultation about workplace change

- (a) When WaterNSW is considering a change in the workplace that may impact employees, it must consult with the employees affected and their representatives.
- (b) WaterNSW may consult using different processes depending on whether the change is major change or less than major change.
- (c) Major change means a change that is likely to have a significant impact on employees. A change to rosters or regular hours of work or a change to production, program, organisation, structure or technology is major change.

Areas in which major change may occur include, but are not limited to:

- (i) redundancy, restructure or redeployment;
 - (ii) introduction of new technology;
 - (iii) career pathways, career development or competencies;
 - (iv) changes to work practice, hours of work or core accountabilities; or
 - (v) change in work location, regular roster or ordinary hours of work.
- (d) WaterNSW will strive to avoid job losses associated with workplace change by working with employees affected and their representatives to develop alternatives such as reskilling and redeployment.

- (e) Less than major change is change that may have an impact on employees, but that impact is not significant, and the change does not constitute major change.
- (f) Where the proposed change is major change, WaterNSW must:
 - (i) communicate with the employees affected and their representatives as soon as practicable that a problem, issue or opportunity exists that gives rise to the potential for major change. In this clause "as soon as practicable" means when WaterNSW has enough information to convey about the problem, issue or opportunity to make the communication worthwhile; and
 - (ii) refer the problem, issue or opportunity to the Peak Consultative Group that may establish a Consultative Working Group comprised of representatives of WaterNSW, the employees affected and their representatives. The Peak Consultative Group or the Consultative Working Group will develop a Consultation Plan that will set out a joint program of collaboration and consultation to address the problem, issue or opportunity.
- (g) The parties acknowledge that the source of the problem, issue or opportunity may be external to WaterNSW. In this case, communication may be about a decision that impacts WaterNSW that an external authority requires it to implement. In this case, the problem, issue or opportunity will concern the implementation of this decision rather than the decision itself.
- (h) The members of the Peak Consultative Group or the Consultative Working Group will endeavour to use the interest-based problem-solving process to address the problem, issue or opportunity. This means that they will seek to understand the key needs and concerns of WaterNSW and the employees affected and use the interest-based problem-solving process to strive to reach a mutually beneficial outcome.
- (i) The interest-based problem-solving process is a collaborative problem-solving process involving:
 - (i) defining the problem, issue or opportunity;
 - (ii) identifying the stakeholders and their interests;
 - (iii) sharing relevant information;
 - (iv) developing a range of options;
 - (v) establishing agreed criteria by which to evaluate options; and
 - (vi) striving to reach consensus on the best available option or options.
- (j) The criteria are to be developed by the Peak Consultative Group or Consultative Working Group. Criteria to be considered include:
 - (i) safety, hardship of those affected;
 - (ii) workload of those affected and that of any remaining employees;
 - (iii) job security;
 - (iv) building mutual respect;
 - (v) job satisfaction;
 - (vi) tangible productivity improvement; and
 - (vii) any legislative requirements.

- (k) The parties acknowledge that consensus cannot be mandated. It is the goal of the process, not an obligation. If consensus is not reached or is not within reach within a reasonable timeframe (where reasonable timeframe means sufficient time to complete the steps in subclause 2.1(o)), WaterNSW may decide to address the problem, issue or opportunity.
- (l) If consensus is reached, the Peak Consultative Group or the Consultative Working Group must consider how to consult about the outcome of the interest-based problem-solving process with the employees affected. In this case, and if consensus is not reached, WaterNSW will follow the steps set out in subclause 2.1(o) below. The consultation process followed must provide opportunity for the views of employees to be given, and for those views to be genuinely considered, in particular, where there has been a change to rosters or to ordinary hours of work.
- (m) Once a decision is implemented, a joint review of the impact of the change will be undertaken. The review will be identified as part of the Consultation Plan and jointly conducted at the most appropriate juncture to assess the impact of the change.
- (n) Where the proposed change is less than major change, WaterNSW will follow the consultation steps in subclause 2.1(o) (i) to (vii) or follow the process for major change in subclause 2.1(h) to (n).
- (o) Consultation steps are:
 - (i) communicate the proposed change to the employees affected and their representatives by an informal exchange;
 - (ii) explain the reason behind the proposed change to the employees affected and their representatives, and communicate any measures to avert or mitigate any negative impacts;
 - (iii) invite the employees affected and their representatives to provide feedback about the proposed change orally or in writing, including measures to avert or mitigate any negative impacts;
 - (iv) consider the feedback given by the employees affected and/or their representatives;
 - (v) provide a response to the feedback given to the employees affected and/or their representatives;
 - (vi) amend the proposed change as decided by WaterNSW; and
 - (vii) communicate the change to the employees affected and/or their representatives.

2.2 Peak Consultative Group

- (a) The Peak Consultative Group will take the place of the Joint Consultative Committee established under the WaterNSW Enterprise Agreement 2018. The Peak Consultative Group will focus on strategic issues that relate to the purpose and functioning of WaterNSW, issues that affect the relationship between WaterNSW, employees and the unions, and workplace change. The Peak Consultative Group will endeavour to use the interest-based approach and members will undertake training in the use of the interest-based problem-solving process.
- (b) The purpose of the Peak Consultative Group is to:
 - (i) enable WaterNSW to keep its employees, and the unions representing them informed;
 - (ii) enable unions and their members to keep WaterNSW informed;
 - (iii) allow employees to have input in the decisions of management;

- (iv) facilitate the exchange of views between employees, unions and management;
 - (v) provide a forum for the exploration and understanding of “best practice” and its application within WaterNSW;
 - (vi) raise ideas and concepts and provide a forum to discuss improvements in WaterNSW’s performance and efficiency;
 - (vii) enable the establishment of mechanisms to gauge and report on productivity;
 - (viii) receive regular briefings on the status of employment of WaterNSW employees;
 - (ix) undertake consultation and collaboration concerning workplace change in accordance with clause 2.1 – Consultation about workplace change; and
 - (x) monitor the implementation of the Agreement.
- (c) The Peak Consultative Group will not address individual employee matters that are to be addressed in accordance with clause 2.4 – Dispute resolution.
 - (d) The Peak Consultative Group’s Terms of Reference will be developed during the life of this Agreement.

2.3 Roles and responsibilities

- (a) There are specific roles for each of the participants in the consultation process.
 - (i) Employees:
 - (A) constructively engage in the consultation process;
 - (B) share relevant information; and
 - (C) contribute to management decision-making.
 - (ii) Management:
 - (A) lead the consultation process in a manner that informs employees on an issue that directly or indirectly affects their employment or working conditions;
 - (B) foster information sharing, collaboration and a relationship of mutual trust;
 - (C) provide employees with the opportunity to influence decisions that affect their work and quality of life;
 - (D) demonstrate their commitment to developing an interest-based approach; and
 - (E) make decisions and implement changes based on consideration of the information, interests and options identified during the consultation process.
 - (iii) Unions and employee representatives:
 - (A) legitimate stakeholders and representatives of their constituents;
 - (B) constructively engage in the consultation process; and
 - (C) share relevant information and contribute to management decision-making.

- (b) As long as WaterNSW is able to carry out its operational requirements, union delegates will be released from the performance of their normal duties, but be considered to be 'on duty', when required to undertake any of the following activities in their role as union delegate:
- (i) attendance at Peak Consultative Group and Consultative Working Group meetings;
 - (ii) attendance at work health and safety (WHS) meetings and activities as a WHS representative;
 - (iii) attendance at meetings with WaterNSW requiring an employee to attend in the capacity of union delegate;
 - (iv) attendance at a disciplinary meeting where an employee requires a delegate to be in attendance;
 - (v) attendance at a dispute meeting where an employee requires a delegate to be in attendance;
 - (vi) giving evidence in court or a similar body;
 - (vii) presenting information about the union to new employees inducted at WaterNSW; and
 - (viii) distributing official information from the delegate's union at the workplace at an agreed time convenient with WaterNSW management, unless otherwise agreed between WaterNSW and the union delegate. Distribution time is to be kept to a minimum and is to be undertaken at a time convenient to the workplace.
- (c) Where union delegates are carrying out 'on duty' union delegate functions as described in subclause 2.3(b), WaterNSW will:
- (i) allow the union delegate reasonable preparation time before attending meetings with management;
 - (ii) allow for reasonable travel time to and from meetings;
 - (iii) meet the approved travel and accommodation costs incurred from meetings called by WaterNSW management;
 - (iv) re-credit any leave applied for on the days that 'on duty' union delegate responsibilities are required; and
 - (v) provide delegates with reasonable access to the following facilities for authorised union activities:
 - (A) telephone and email if available;
 - (B) employee noticeboards for material authorised by the delegate's union; and
 - (C) workplace conference or meeting facilities, where available, for meetings with members as agreed with WaterNSW and the delegate's union.

2.4 Dispute resolution

- (a) If a dispute relates to a matter under this Agreement, or the National Employment Standards, the following procedure will be used.
- (b) The parties will endeavour to resolve the dispute in a timely manner at the workplace level by discussions between the employee or employees concerned and the relevant supervisor, or

subsequently either through discussions with more senior levels of management where appropriate or through alternative dispute resolution methods.

- (c) Where the dispute involves confidential or other sensitive information (including issues of harassment, bullying or discrimination) making it impractical or inappropriate for the employee to notify a supervisor or manager, they may notify the next appropriate level of management or their human resources representative.
- (d) Tier 1 disputes
 - (i) Tier 1 disputes will be resolved at the local level as far as practicable and in a timely manner, with the involvement of the following:
 - (A) the employee(s) concerned;
 - (B) the employee's chosen support person (who may be a union representative or other individual) (if requested by the employee(s)); and
 - (C) the supervisor and manager (if required).
- (e) Tier 2 disputes
 - (i) If the issue or dispute is not resolved at Tier 1 level or is a corporate-wide issue, it may be referred to the Tier 2 level with involvement of the following:
 - (A) the employee(s) concerned;
 - (B) the employee's chosen support person or union organiser (or other person designated by the union organiser);
 - (C) relevant senior manager(s), affected local manager(s), and Manager Industrial Relations (or other person designated by the Manager Industrial Relations); and
 - (D) an independent third-party facilitator may be engaged to assist in resolving the issue or dispute, if agreed by all affected parties.
- (f) Tier 3 disputes
 - (i) If discussions at the workplace level do not resolve the dispute, and all appropriate steps have been taken in accordance with clauses 2.3 – Roles and responsibilities and 2.4 – Dispute resolution, a party to the dispute may refer the matter to the FWC.
 - (ii) The FWC may deal with the dispute in 2 stages:
 - (A) the FWC will first attempt to resolve the dispute as it considers appropriate, including by mediation, conciliation, expressing an opinion or making a recommendation; and
 - (B) if the FWC is unable to resolve the dispute at the first stage, the FWC may then:
 - a. arbitrate the dispute; and
 - b. make a determination that is binding on the parties.
 - (iii) Either party to the dispute may nominate or appoint another person, organisation or association to accompany and/or represent them in a Tier 3 dispute.

- (g) While the parties are trying to resolve the dispute using the procedures in this clause:
 - (i) an employee must continue to perform their work as they would normally unless they have a reasonable concern about an imminent risk to their health or safety; or
 - (ii) an employee must comply with a direction given by WaterNSW to perform other available work at the same workplace or at another workplace, unless:
 - (A) the work is not safe; or applicable work health and safety (WHS) legislation would not permit the work to be performed; or
 - (B) the work is not appropriate for the employee to perform; or
 - (C) there are other reasonable grounds for the employee to refuse to comply with the direction.
- (h) While a dispute is being dealt with under this dispute resolution procedure, a union may apply to the FWC for a recommendation or interim order imposing the status quo (that is, the situation that existed immediately prior to the issue that gave rise to the dispute) for a period of up to 8 weeks after the application for the recommendation or order or longer period as the FWC may determine.
- (i) The parties to the dispute agree to be bound by a decision made by the FWC subject to the parties' rights of appeal under the Fair Work Act.

3. Part C – Terms of employment and engagement

3.1 Employment – starting employment and probation periods

- (a) The employment of all new employees will be subject to a 6 month probationary period.
- (b) Feedback will be provided to the employee at regular intervals during the probationary period.

3.2 Types of employment – permanent full-time employment

- (a) Full-time employees are those employees engaged to work 36 ordinary hours per week (144 hours per 4 week settlement period) on a permanent basis.

3.3 Types of employment – part-time employment

Part-time employees are those employees working less than 36 hours per week on a permanent part-time basis.

- (a) The employee and WaterNSW must agree on the ordinary hours of work at the start of employment and may be varied in accordance with the clause 4.2 – Flexible working hours arrangement.
- (b) A part-time employee may be required to work reasonable additional ordinary hours or overtime hours at the appropriate rate as outlined in clause 4.6 – Overtime.
- (c) Part-time employees are paid a pro-rata salary based on the proportion that their hours bear to those of full-time employees.
- (d) Part-time employees receive Agreement conditions and payments on a pro-rata basis for annual leave, personal/carers leave, long service leave and other authorised leave in the

proportion that their hours of work bear to those of full-time employees, where pro-rating is relevant.

- (e) Leave accrues for part-time employees in proportion to the number of hours actually worked, up to a maximum equivalent to full-time employee's ordinary hours of work each week.

3.4 Types of employment – casual employment

- (a) Casual employees are those employees who are engaged intermittently in work of an irregular, occasional or unexpected nature and who could not properly be classified as a permanent full-time or part-time employee.
- (b) Rates of pay and overtime.
 - (i) Casual employees are engaged and paid by the hour. The hourly rate is calculated by dividing the appropriate weekly ordinary rate by the number of full-time ordinary hours worked by an employee in the same classification, plus:
 - (A) **25%** to compensate for the disadvantages of casual work and in place of all paid and unpaid leave entitlements, except long service leave;
 - (B) casual employees are paid for at least 4 hours for each engagement, except for casual cleaners who may be engaged for less than 4 hours for each engagement; and
 - (C) casual employees receive overtime rates under this Agreement for any time worked outside the ordinary hours of work for a full-time employee.
 - (ii) Overtime payments for casual employees are calculated on the casual employee's rate, that is the hourly ordinary rate of pay plus the **25%** loading referred to above.
- (c) Leave
 - (i) Casual employees are entitled to long service leave under the provisions of this Agreement.
 - (ii) Casual employees may take unpaid leave of up to 2 days per occasion or other period as agreed with WaterNSW for personal/carers leave to care for a family member who is ill or injured and requires care and support, or who requires care due to an unexpected emergency or the birth of a child. In this case:
 - (A) the casual employee must provide satisfactory evidence of the illness of the family member as defined in WaterNSW policy;
 - (B) in normal circumstances, the casual employee must not take carers leave where someone else or an institution is providing care for the same person; and
 - (C) where possible, and within an hour of the usual starting time, the casual employee must notify the employee's supervisor or manager of the need to care for an ill family member and how long the employee expects to be off work.
 - (iii) Casual employees may take unpaid leave of up to 2 days per occasion or other period as agreed with WaterNSW on compassionate grounds such as the death or illness of a close member of the family or a member of an employee's household.

- (iv) Casual employees are entitled to unpaid parental leave in accordance with the Fair Work Act.
- (v) WaterNSW will not fail to re-engage a casual employee because the employee:
 - (A) accessed the entitlements of unpaid personal/carers leave; or
 - (B) the employee or the employee's spouse is pregnant; or
 - (C) the employee is or has been immediately absent on parental leave.
- (d) Secure employment
 - (i) Where a casual employee is engaged on a regular and systematic basis for a calendar period of 6 months, WaterNSW will, within 4 weeks of the employee having worked for 6 months, write to the employee giving them the option to convert their contract of employment to permanent full-time or part-time employment if the employment is to continue beyond the 6 month period.
