WOULD YOU PRIVATISE...

- Water?
- Electricity?
- Gas?
- Roads?
- Hospitals?
- Aged Care?
- Prisons?
- TAFE?
- Service NSW?
- Public Housing?
- Public Transport?
- State Forests?

The NSW Coalition Government will continue its privatisation agenda if it is re-elected on March 25. The sell-off of our public services and assets has had a huge impact on the cost of living as private companies increase their charges and take out millions of dollars in profit.

There is a clear choice at this election:

**SAY NO TO
PRIVATISATION**

“They’d privatise the air we breathe, if they could.”

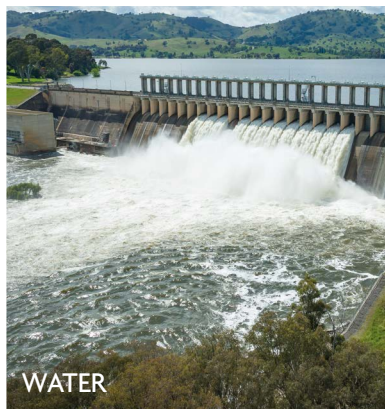

Stewart Little, General Secretary,
Public Service Association of NSW
