

Update on temporary workforce transition

Great news! Tomorrow, the Hon Prue Car MP, Deputy Premier and Minister for Education and Early Learning, is expected to announce the start of our program to transition eligible staff from temporary to permanent employment.

Around 16,000 staff are likely to be eligible as we begin the important work to transition more staff to permanent roles. The change will take place in phases – largely based on School Performance directorates. When it is your school's turn, you will receive a list of eligible staff at your school to verify. There will also be an opportunity for you to raise any issues (for example, if there is anyone missing from the list). Eligible staff do not need to apply for the offer of permanent employment from temporary engagement. Once you have validated the information, they will be sent advice about their offer of permanent employment.

Principals of the first group of schools will be contacted soon after the announcement. The remaining groups will be contacted as outlined in the implementation schedule to be shared through Staff Noticeboard in coming days.

School-based employees, including teachers and all support staff, are eligible if they meet all of the following criteria:

- have worked in the same school on a temporary basis for 3 years or

more at the same classification by the end of 2022

- are engaged in a 12-month contract with that school for 2023
- meet the standard requirements for permanent employment.

There is a dedicated team in place to support the implementation of this exciting initiative. If you have any questions, please contact the Temporary Workforce Transition team through the [online inquiry form](#) or by emailing supportingtempworkforce@det.nsw.edu.au.

Regards

Murat Dizdar
A/Secretary
