Dear Mr Wilde,

Re: Request for further information surrounding NSWCC Legal Services restructure

I write to you on behalf of the Public Service Association of New South Wales (“**Association**”).in reply.

I note correspondence dated 16 May 2023 with accompanying role descriptions as requested. The Association met further with its impacted membership to discuss the proposed changes.

At this meeting it became clear that the Association was provided the current role descriptions without the proposed alterations stemming from this restructure. As has been previously highlighted, receiving this information in a timely manner as part of consultation is essential for our membership to properly engage both with their employer and their representatives.

The Association has several concerns around these role descriptions and having access to the proposed changes is vital for proper and meaningful consultation to occur. Additionally, there is interest in what process was conducted in writing these role descriptions and whether they were appropriately assessed and graded.

We would like to once again propose a meeting to meet and discuss the proposed changes. We acknowledge that we were unable to accommodate the previous dates offered due to several factors. The Association seeks to engage meaningfully in this process, however, reserves the right to seek assistance from the Industrial Relations Commission if these requests are stalled.

Should you wish to discuss these matters further, please contact Ben James PSA Industrial Officer on 0438 485 535 or by email bjames@psa.asn.au

Yours sincerely

Ben James
