## Environment Protection Authority realignment survey

The PSA is conducting the following survey to gauge members' opinions on the Environment Protection Authority's (EPA's) management of the recent divisional realignment and administration review, as well as the outcomes, from a staff perspective.

Survey responses will be treated anonymously and will help your union and local delegates in our conversations with the EPA. There are six questions and the survey should take no longer than 10 minutes to complete.

[www.surveymonkey.com/r/N92TLRB](http://www.surveymonkey.com/r/N92TLRB)

We look forward to reading all of your responses. Please remember to encourage your colleagues to join the union so we can continue to advocate for all EPA workers.

They can join at [www.psa.asn.au/join](http://www.psa.asn.au/join).
