

PSA RECOGNITION WEEK 2026

31 August-4 September

Dear Principal,

PSA Recognition Week 2026

31 August to 4 September 2026 - Thriving Schools Start With Us

Whether working in administration, school learning support, student wellbeing, library services, school maintenance or specialist support roles, school support staff are at the heart of every thriving public school.

PSA Recognition Week provides an opportunity for principals, students, families and the wider school community to acknowledge and celebrate the professionalism, dedication and expertise of these essential staff members.

This year's theme, ***Thriving Schools Start With Us***, recognises the vital contribution school support staff make to delivering a world-class public education system across NSW. Each year, our union hosts PSA Recognition Week to recognise the outstanding contribution of School Administrative and Support Staff (SASS), General Assistants, Farm Assistants, School Psychologists, Student Support Officers, Aboriginal Education Officers and other support staff working across NSW public schools.

Some simple ways your school can celebrate include:

- Hosting a Recognition Week morning tea, lunch or other staff event.
- Featuring school support staff in your school newsletter, website or social media channels.
- Inviting the P&C to participate in Recognition Week activities.
- Sharing messages of appreciation from students, families and staff.
- Highlighting the contribution of support staff during assemblies or other school events.
- Displaying Recognition Week posters throughout the school and on digital communication platforms.
- Encouraging students to learn more about the important roles played by support staff in their school.

Thank you for your ongoing support of school support.

Yours sincerely

Stewart Little
General Secretary
